

Rules:

There are 23 questions. Solving each question gives you a letter. Use these letters to spell out a phrase.

A number from 1 to 26 represents letters "A" to "Z" respectively. After every 26, you start counting from "A" again. (27 and 53 both represent the letter A) The number 0 represents a space.

1. ?-Cells prove critical for long term COVID19 immunity.
2. Blood type least vulnerable to COVID
